Summary

Passionate Full-Stack Developer with 4 years of expertise in developing scalable web applications and overseeing the complete software development lifecycle. Skilled in team leadership, technological innovation, and delivering impactful solutions that optimize business processes. Seeking to apply technical proficiency and collaborative abilities to drive success within a progressive organization. Proficient in Laravel, React, Next.js, JavaScript, and React Native.

Experience

GSolutions | Kuwait

Senior Developer

2022 - Present

- Leveraged Laravel, React, InertiaJs and TailwindCSS to create highly efficient and resilient web applications, maintaining peak productivity throughout the development process.
- Enhanced the performance of existing e-commerce engine by optimizing SQL queries, resulting in 10x faster website loading.
- Boosted sales by 20% through the integration of advanced features using APIs such as PayPal, Knet, MyFatoorah, DezSMS, Firebase Cloud Messaging, Tabby, and more.
- Increased deployment speed up to 3x faster by utilizing tools and services such as SSH, FTP, Git, Github Actions etc, making application management in production a breeze.
- Ensured 100% customer satisfaction by meticulously addressing even the smallest issues, resulting in an exceptional experience.
- Improved scalability and maintainability by refactoring legacy websites.
